The Lavender Gourmet by Jennifer Vasich

Lavender as a culinary herb? Absolutely! Chives, dill, and basil may be more familiar, but lavender has one advantage over all the other herbs standing in the spice rack: versatility. Now, the refreshing taste of lavender can be experienced in beverages, salads, entrées, desserts, and so much more.

The Lavender Gourmet, a 344-page cookbook, contains more than 140 recipes—all of which showcase and celebrate this multifaceted herb. From using lavender in old family favorites and new creations to advice on growing and harvesting the herb, this book can help transform any cook or baker into a lavender gourmet.

Accolades

“In *The Lavender Gourmet*, Jennifer showcases the versatility of lavender in contemporary cooking.”

—Jeannie Ralston, author of *The Unlikely Lavender Queen: A Memoir of Unexpected Blossoming*
